New staff members join Provost & Pritchard team

Fresno, CA: Four new staff members have joined the professional team at Provost & Pritchard Consulting Group: Louis Sun, PE, as a senior engineer; Alex Jones, EIT as an assistant engineer; Cynthia Barrantes as an accounting specialist; and Rebekah Wimer as a project administrator. Sun is based out of Provost & Pritchard's Bakersfield office, Jones and Barrantes are based out of the Fresno office, and Wimer is located at the firm's Visalia office.

"We are pleased to welcome Louis Sun, Alex Jones, Cynthia Barrantes, and Rebekah Wimer to our staff," said Dale Melville, Provost & Pritchard's president. "Louis has a strong background in wastewater treatment, and will be an asset for our municipal clients. Alex is a recent college graduate who will work with our water resource clients. Cynthia will enhance our internal accounting team's capabilities. Rebekah will be an essential asset to the day-to-day operations of the Visalia office."

Sun has over 15 years of experience in wastewater management and public works engineering. As a registered civil engineer, he holds a master's degree in Engineering Management from Santa Clara University, and bachelor's degree in Civil Engineering from Ohio State University. Sun's experience includes management, planning, quality control, design, budgeting, and supervision of public works engineering projects. He previously served as the Wastewater Manager for the City of Bakersfield's Public Works Department.

Jones is a registered Engineer-in-Training with a bachelor's degree in Civil Engineering from California State University, Fresno. With just over two years of field experience, he has a strong knowledge base in water resources, and previously interned with the California Department of Water Resources, where he conducted studies regarding river flow, sediment transport, and river morphology.

A recent graduate from California State University, Fresno, Barrantes has a bachelor's degree in Business Administration with a concentration in Accounting. She has a background in bookkeeping and accounting and will be working internally with project managers in the client billing process.

Wimer has over 10 years of experience working in the construction management and site administration field, where she provided support for numerous commercial and school district projects. She is specialized in change order management, state and local-funded contingency budgets, liaison between consultants, contractors, architects and clients, and overall project organization from set-up to close-out.

-MORE-

Established in 1968, Provost & Pritchard Consulting Group has a strong tradition of engineering and consulting excellence throughout California. With office locations in Fresno, Clovis, Visalia, Bakersfield, Modesto, Los Banos and Chico, the firm features a mix of seasoned professionals, complemented by younger staff with fresh ideas. Provost & Pritchard specializes in civil and agricultural engineering, environmental and land use planning, hydrogeology and geology, surveying, and construction management services in the areas of water resources, municipal infrastructure, agriculture, site development, and environmental compliance.
